EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the Specification:

Page 1, line 12, replaced "not Applicable" under the heading "CROSS-REFERENCE TO RELATED APPLICATIONS" with --This continuation is a continuation of U.S. Patent Application No. 09/351,864 filed on July 12, 1999, and issued on July 3, 2001 as U.S. patent No. 6,254,742.--.

The above amendment is to follow the format in the preliminary amendment of October 15, 2001 of which it has not been entered because of the incorrect instruction.

Page 10, line 18, insert --and-- after "from FIGURE 10;"; and

line 19, replace "from FIGURE 11;" with --from FIGURE 11.--.

3. The following is an examiner's statement of reasons for allowance: Because of the terminal disclaimer filed 16 September 2004 and all the issues and rejections in the first Office action have been addressed and obviated, the previous issues and rejections are no longer maintained.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

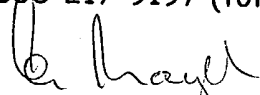

4. For the record, the Hanson declaration filed on 24 January 2004 under 37 CFR 1.131 is sufficient to overcome the use of references of Schwartz et al. (6,080,288) and Woo et al. (6,103,085) as prior art in the rejections of the claims in the instant application. A similar record also reflects in the parent application 09/351,864.

5. The replacement of drawings to Figs. 1 and 4 received on 16 September 2004 are acceptable.
